SUMMARY

Dedicated and versatile professional with a passion for precision in typing and a knack for crafting seamless user experiences on the web. Armed with an OND in Computer Science, I bring a unique blend of technical prowess and creativity to the table. Seeking to leverage my skills as a Typist and Front-End Developer to contribute positively to a dynamic team.

WORK EXPERIENCE

Typist & Front-End Developer Temore Consultancy Ltd. (2023-Present)

- Managed typing tasks with precision and efficiency, achieving a consistent typing accuracy of over 98%.
- Transcribed a variety of documents including reports, memos, and correspondence, ensuring clarity and accuracy in the final output.
- Collaborated closely with clients and colleagues to understand project requirements and deliverables, ensuring alignment with expectations and deadlines.
- Played a pivotal role in the development of responsive, user-friendly websites and web applications, utilizing HTML, CSS, JavaScript, and front-end frameworks like React and Vue.js.
- Worked closely with design and back-end teams to implement UI/UX enhancements, ensuring a seamless and intuitive user experience across different platforms and devices.
- Conducted thorough testing and debugging to identify and resolve issues, ensuring smooth functionality and optimal performance of web applications.
- Maintained effective communication with team members and stakeholders, providing regular updates on project progress and addressing any concerns or challenges promptly.
- Demonstrated strong problem-solving skills and attention to detail in identifying and implementing solutions to enhance the usability and functionality of web applications.

Front- End Developer Intern Elion Hospital. (2022-2024)

- Assisted in the development of responsive, user-friendly websites and web applications.
- Collaborated with design and back-end teams to implement UI/UX enhancements.
- Conducted thorough testing and debugging to ensure smooth functionality across various browsers and devices.
